

DWD Evaluation - Stakeholder Meeting - Agenda

Date and place: 26 May 2016, Brussels, Belgium

Venue: Charlemagne building: rue de la Loi, 170, B-1040 Bruxelles, Room Jenkins (ground floor)

Organised by: Ecorys, Alterra, and KWR

General Goal: the sole purpose of this consultation is to collect relevant evidence and information from stakeholders to help the Commission develop its thinking in this area. It is to collect inputs for the consultants' work in assisting in the review of the Drinking Water Directive. (This event is being run by the consultancy team and is not a Commission operated aspect of the review process)

Process: Part of the assistance we are providing to the Commission is to collect stakeholder's views via questionnaires, interviews and written contributions. At this first stakeholders meeting stakeholders have the opportunity to comment on the current implementation status of the DWD. After this meeting we (the consultancy team) will organise focus groups to investigate / discuss the areas of most interest and debate. (During June/July). The results and recommendations will be shared with the participants within two weeks after the meeting.

Agenda

- 09.30 – 9.55 Welcome (*walk in*)
